About BSSS IAS, Bhopal, India

The BSSS Institute of Advanced Studies stands in a responsible position to meet the educational requirements of the changing scenario, constantly striving to update itself and accordingly respond to the needs of all concerned stakeholders. The BSSS IAS stands tall with a vision to be recognised globally as a premier management institution fostering progressive and sustainable growth in society. The Institute envisions emerging as a top professional management institution in Central India by playing a pivotal role in professional management education in the coming years and adorning a path with an undivided focus on quality education and excellence, thereby placing itself as an institution of national and international importance. The BSSS IAS Curriculum includes all management subjects as well as various industry-oriented subjects imparted through add-on courses such as HR Analytics, Business Analytics, Management Competency Development Program, Advanced Excel, NSDC Programmes, NISM, and many more. The outcome-based curriculum of the programme is based on industry-oriented best global practices. BSSS IAS today creates managers capable of moving beyond the triple bottom line idea to be socially responsible professionals in the industry. The institute envisions meeting the demand for trained human resources with managerial and analytical skills in the areas of business management and development management through regular educational courses and also updating the knowledge and managerial skills of serving professionals in the various focus areas through short-term Management Development Programmes.

Campus

The institute has a sprawling, lush green campus in the heart of Bhopal. The building-complex includes the Academic Complex, Library, Computer Centre, Hostel, Fully Air-Conditioned Cafeteria, Administration and Accounts wings. The Academic Complex includes fully air-conditioned hi-tech classrooms, Seminar Halls equipped with video conferencing facilities, and a Faculty Block. This world-class infrastructure provides an environment conducive to academic activities, professional deliberations, and social interactions. The multidisciplinary faculty with multidisciplinary subjects has a strong portfolio of national and international consultations and is the best training institute in Central India.

About Assumption University, Thailand

Assumption University was established in 1969 as an autonomous higher education institution from Assumption Commercial College under the name Assumption School of Business. In 1972, with the approval of the Ministry of Education, it was officially established as "Assumption Business Administration College," or ABAC. In May 1975, it was accredited by the Ministry of University Affairs. In 1990, it was granted new status as "Assumption University" by the Ministry of University Affairs. The University is a non-profit institution administered by the Brothers of St. Gabriel, a worldwide Catholic religious order founded in France in 1705 by St. Louis Marie De Mountfort and devoted to education and philanthropic activities.

The congregation has been operating many educational institutions in Thailand since 1901.

The University is an international community of scholars enlightened by Christian inspiration, engaged in the pursuit of truth and knowledge, and serving the human society, especially through the creative use of interdisciplinary approaches and cyber technology.

Assumption's Offshore Campus at BSSS IAS

The BSSS IAS Assumption academic partnership provides a good opportunity to undertake a globally accredited MS programme at an International University in Bhopal. The students who take admission in the MS programme have the option to study online through a web-based learning management system (LMS) on the internet in virtual classrooms, from any location in the world that has an internet connection, at any time that is convenient, and also to attend the class at the offshore campus, i.e., BSSS IAS. Furthermore, a student can learn fast or slowly at his own pace, repeat any lesson as many times as required. Any required group assignments, exercises, quizzes, and tests are all done online through the LMS. Final examinations will be proctored at BSSS IAS. The MS in Management and MS in Investment Analysis and Management degree have received accreditation from the Ministry of Education of Thailand. The classes and sessions will be conducted four times a week in hybrid mode (online as well as offline).

About MS Programme & Its Advantage

A professional qualification can be a transformative experience for a lifetime, but it also requires significant investments of time, money, and effort. This is especially true for professionals in the industry who have to take a break from work and step out of their comfort zone. Choose a business school with an appropriate programme that will help you achieve your career goals. The M.S. Program offered by BSSS IAS and Assumption University would help fulfil the aspirations while causing the least disruption to personal and professional commitments and providing a significantly higher return on investment (RoI). The programme helps transform high potential professionals into competent managers and is meant for achievers, high performers, and go-getters who want to change the world for the better.

(i) MS in Management (Duration 16 Months)

The MS in Management programme is designed to develop creative and analytical thinking and to inculcate innovative skills in new and semi-skilled entrepreneurs, corporate managers, and leaders of all kinds of organizations, profit or non-profit, or government, who need to effectively manage their operations to accomplish their goals in the modern dynamic environment. It also aims to develop the management competencies required for the implementation of innovative thinking and new ideas in business. Furthermore, it provides an understanding of the complexities and challenges of managing resources in the knowledge-based economy.
